Cool Google Tools for Teaching and Learning

Google+ is the teacher's gateway to an authentic audience. Connect with teachers in your content area for ideas and support, as well as find teachers who are interested in classroom exchanges. Join **Google Groups** to connect with like-minded professionals.

<https://plus.google.com/>

Google Scholar is a researching tool for helping students to sift through scholarly literature equipped with citation tools.

https://scholar.google.com/schhp?hl=en&as_sdt=0,26

Google Cultural Institute is a virtual museum that allows students to explore world heritage sites, famous art collections, historical events and much more.

<https://www.google.com/culturalinstitute/beta/u/0/>

Google Sky allows students to explore the universe.

<https://www.google.com/sky/>

Google Search lesson plans encourage better searching ability which leads to strong digital literacy.

<https://www.google.com/intl/en-us/insidesearch/searcheducation/lessons.html>

Google Lit Trips provide opportunities for students of any age to learn about geography while engaging students in what they are reading. Use Google Earth with place markers and resources to bring their reading to the "real world".
